4.7 Community Board Representation

A. The 2018 lease between MTMC and the District, leasing the hospital and clinics to MTMC for the next 10 years establishes a Community Board. The nine-member Community Board will be responsible for approval of the MTMC Medical Staff Bylaws, Medical Staff privileging and credentialing, and quality oversight. The Fiduciary Board of Directors shall also seek the advice of the Community Board regarding: i) the MTMC mission, vision, and strategic direction, ii) priorities for MTMC's community benefits, iii) proposals for material changes in clinical services, and iv) strategic plans.

B. One of the Community Board members will be a District Board member, not already on the Fiduciary Board of Directors. That member will serve 2 years and can serve for a maximum of 3 consecutive full 2-year terms on the Community Board. The District Board member will be nominated by the District Board by a simple majority and must be approved by the MTMC Fiduciary Board of Directors, which shall not be unreasonably withheld. District members appointed to the Community Board serve at the pleasure of the District Board and may be removed at any time with or without cause by a majority vote of the District Board. C. At Large Calaveras County Residents: Five at-large Calaveras County residents shall serve on the Community Board. They will serve 2-year terms and can serve for a maximum of 3 consecutive 2-year terms. At the initial start of the new lease 1 community board member will serve for 1 year and two will be appointed for 2 years. Residents will be nominated by a nominating committee comprising the MTMC CEO, MTMC Chief of Staff, District Board member who sits on the Community Board, and MTMC Board member who is not also a District Board member and sits on the Community Board. Nominees require approval by the MTMC Board of Directors, which shall not be unreasonably withheld.

- Effective - Mar 17, 2020.

California Gov. Gavin Newsom issued [Executive Order \(N-29-20\)](#), which, in part, supersedes Paragraph 11 of Executive Order (N-25-20) issued on Thursday. The new Executive Order excuses a legislative body, under the Ralph M. Brown Act, from providing a physical location for the public to observe and comment if certain conditions are met. A physical location does not need to be provided if the legislative body:

1. Holds a meeting via teleconferencing and allows members of the public to observe and address the meeting telephonically or otherwise electronically;
2. Implements a procedure for receiving and “swiftly resolving” requests for reasonable modification or accommodations from individuals with disabilities, consistent with the Americans with Disabilities Act, and resolving any doubt in favor of accessibility.
3. Gives advance notice of the public meeting and posts agendas according to the timeframes and procedures already prescribed by the Brown Act (i.e., 72 hours for regular meetings and 24 hours for special meetings) and
4. Gives notice of the means by which members of the public may observe the meeting and offer public comment, in each instance where notice or agendas are posted.

Dear Mark Twain Health Care District Board Members,

I would like to express my interest in the vacant position on the Mark Twain Health Care District Board of Directors. I have lived in Calaveras County since 2004 and feel I can bring valuable skills and experience to your agency.

I joined the staff of Mark Twain St. Joseph's Hospital in 2007 as a staff Physical Therapist. I spent 13 years serving the patients of our county there, most recently as the Director of Rehabilitation Services. In my tenure at Mark Twain Medical Center I grew the Physical and Occupational Therapy departments, established new service lines based on community needs, built relationships with providers and patients, and advocated for the health and wellness of the residents of county. I have participated in countless presentations, foundation projects, health fairs, and various other events promoting the health services in our communities. In January 2021 I made the difficult decision to leave my position at Mark Twain Medical Center to become the Chief Therapist for Stanislaus County's Public Health Department. As I anticipated, I truly miss working with the residents of Calaveras County and being involved with local health care groups.

I would like to join The Mark Twain Health Care District Board of Directors to continue promoting health care in the county that I have made my home. I have a 20+ year career in health care working with all patient demographics. Throughout my career I have helped people navigate the challenging health care system and I strive to achieve health equity. I have a Master of Business Administration degree in Health Care Management and have experience managing budgets, leading projects, and working on the business side of healthcare. I was part of the management team at Mark Twain for over 10 years and participated in initiatives addressing quality, employee engagement, patient satisfaction, and community access to care.

I have been both a leader and a consumer of health care in Calaveras County and understand the strengths, weaknesses, and unique challenges it has. It would be a privilege for me to serve on the Mark Twain Health Care District Board of Directors and participate in the meaningful work it does for our county.

Sincerely,

Sandra Buecher, PT, DPT, MBA

Greetings Ms. Stout,

Thank you for returning my call, and answering my questions regarding the open board seat at the Mark Twain Health Care District. After some continued thought and research, I would like to pursue my desire to apply for the position.

My attached resume covers my working life up to my 2018 retirement at which time I relocated into the Valley Springs Calaveras County area with my daughter and grandson. After two years of retirement, I am ready to get back into the healthcare world. While I am no longer in the stages of life to seek a full-time paying position, I do feel that my professional expertise, personal dedication, and life experiences will allow me to give back to the community in a heartfelt and meaningful way. This opening is a knowledgeable position, and I feel that I would be a good addition to the existing board, and I would feel good about working to enhance services and benefits to the local community.

Thank You for your consideration sincerely,

Pamela L. Evans RN

Re: Application for Appointment to Board of Directors

Dear Board of Directors,

I am submitting this letter to apply for appointment to the open seat on the board of directors of the Mark Twain Health Care District. I have been a resident of Calaveras County since 2013. My husband and I first lived in Arnold where we started the Park Minkler law firm, representing local public agencies, businesses, non-profit organizations, and individuals. Since 2018, I have run the firm as a solo practitioner, advising local businesses and individuals on matters ranging from real property disputes to estate planning. My husband and I now live in Murphys with our two boys, ages three and five.

Since last summer, I have been working with Dr. Smart to design and implement the Robo-Doc program. In talking with the school staff and school board members, I have learned of the health care needs of the students in this county. Since schools are a natural point of access for medical care, the health care district's partnership with them will allow it to meet the students' health care needs. I am excited about the program's potential, and, as a parent of a school-aged child, I am personally invested in it.

I have enjoyed volunteering for the health care district, but I believe that I would serve the district well as a board member because I have relevant practical experience. Since 2009, I have advised and represented many public agencies. That experience would give me an in-depth understanding of the District's and the Board's governance structure. I also believe that my experience as an attorney, although not in the health care industry, would be helpful in understanding and analyzing contracts, regulations, employment matters, and other legal issues that arise within the district's operations. Lastly, I have experience serving on a board, having been a member of the Bear Valley Music Festival board of directors since 2013 and serving as the board's co-president during the festival's 50th Anniversary season.

I would very much appreciate an opportunity to speak with the board about how I might serve the

district and look forward to hearing from you.

Sincerely,

RE: Board of Directors / Open Position

Good Day -

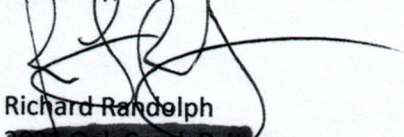

My wife and I recently relocated from Southern California to Copperopolis. We are now looking for ways in which we can help and support our new community. While in Southern California, we were financial supporters of the Orange Coast Medical Center Foundation, I was on the advisory board of the non-profit group, Patriots and Paws and on the boards of two Home Owner Associations. I can now add being a member of the MTHCD Finance Committee.

The bulk of my professional life has been in Commercial Real Estate. I have experience running the day-to-day operations of large complexes, developing best practices for maintaining properties and overseeing the maintenance operations of properties throughout the United States. This, coupled with my accounting background, has allowed me to gain a strong understand of operating and construction budgets, leases and financial reporting.

Based on what I have been able to learn about the MTHCD, I believe my background and skills will allow me to assist the team in meeting its' overall goals and objectives in serving the overall health care needs of the community. I would very much like to be considered for the open board member position.

I am thankful for this opportunity and honored to be able to join your team.

Sincerely,

Richard Randolph
